

We are looking for outstanding Governors to join the Northamptonshire team of

Local Leaders of Governance (LLG)

If you have a proven track record of being an effective governor and can evidence the impact your governance has had on outcomes for pupils, then we would like to invite you to apply to become a Local Leader of Governance (LLG).

Why Apply?.....

This interesting and varied role gives you the satisfaction of helping to develop the capabilities of Governing Bodies across the county, whilst developing your own skills and experience further. We will expect you to be an experienced governor, however, we would also welcome applications from people who have served on IEBs or feel that they have the skills and experience necessary to be an effective LLG.

The flexible support given to governing bodies could be a short-term intervention, or depending on the needs, it could be a longer support role. We would expect you to be committed to improving the outcomes for all young people in education in the county by giving governing bodies the skills necessary to provide an effective Governance role.

You would be attached to one of the County's Teaching Schools, and can express a preference on your application form. Any deployments as an LLG will take your location and availability into account.

What we are looking for.....

- Proven record of being an effective Governor
- Commitment to training and development
- Ability to communicate effectively
- Be a reflective and resilient governing board member
- Have high aspirations and expectations for school improvement
- Sound knowledge and understanding of the current roles and responsibilities of Governance
- Understand the importance of mentoring and coaching
- Willingness to travel to governing board meetings and schools

How to Apply.....

For more information and an application form, please contact tsa@maplefields.northants.sch.uk

Deadline for completed application forms is Friday 10th March at 12 noon.
