**What suggestions do you have that would help us improve Fairfields further?**

- Keep up with all the hard work you all do
- Communication books switched to digital
- A very difficult question, and after much thought.....I can't think of anything, sorry.
- The school dinner options available is my big issue the lack of variety on the menu to cater to my child's needs. I do sometimes send her in with home cooked foods but have had a few problems with foods from home not being warmed up, so now I order hot dinners for my child but it is very basic and certain dishes are dry to which my child can't eat. I do believe the catering company is changing so I'm looking forward to those changes but it's taking an extremely long time.
- To build a secondary school :)
- More sports activities which includes Parents.
- Bring back the end of year fete !
- Please keep it up. No words can describe it.
- Day trips
- Diary dates at start of year to allow parents time to arrange time off work to attend events
- Covid aside, it may benefit parents if they can be invited to open mornings/sessions more often if possible. Maybe expand size if funds allow, help more children in need of a place here.
- More meetings with parents and one free class like just Listen the kids his feelings his thoughts his problem like that things
- More guidance on what is being taught so we can help at home.
- Continue with how school is doing although there is always room for improvement. Introduce Swimming lessons back again please
- We all need to learn to love - as children love. Just for what we are.
- Keep doing what you are doing
- Parent get togethers to help us connect and learn from each other
- Everything is good
- More parents activities with the children

### **In what way would you like to see the school develop over the next 3 years?**

- Allotment, pets
- Adding a secondary school so the kids can grow even further with people they grow with. (A dream, I know)
- More choices on the dinner menu for children who can't eat a great deal of Solid food.
- More days out
- More staff
- Keep the kids until adulthood
- As much as you deem fit.
- Continue to deliver excellent learning opportunities and resources
- Secondary provision
- More occupational therapy support  
School trips ??? Residential ????
- To expand and outreach further afield, involve parents into school more often to see progress, if allowable. Plan parent sessions of teaching the parents sign language and other techniques to help their children learn at home what they learn in school to make sure there is no conflict. Everyone on the same page adhering to the ehc plans.
- Building change play areas are good now
- I don't know the plan that is there for development but more ways of fundraising for the school money can be spent improving gardening and play areas. Things that will develop the school for the benefits of our children.
- Just being who they are and maybe just update on child's aids at school. In case we need to contact anyone we know who to speak to.
- I sincerely hope that this school will be as beautiful as it is now.
- I like how the school is developing
- Enough staffs
