Primary School PE and Sport Grant 2017 – 2018

The government is providing additional funding to improve provision of physical education (PE) and sport in primary schools. This funding provided jointly by the Departments for Education, Health and Culture, Media and Sport is allocated to primary school head teachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this. The school has received Department for Education PE and Sports Grant Funding in the amount of £16,970 for the 2017-2018 academic year. Physical Development and Physical Education are fundamental parts of our curriculum offer. The role of the funding is to support initiatives beyond our core curricular offer.

We have utilised the funding to contribute to the following specific areas:

- ✓ Extending sporting opportunities through festivals and competition
- ✓ Specialist coaching related to our complexity of need
- ✓ Staff development and training
